

Boy Kill Boy, Two Souls

Hello and good day dear,
How do you do this to me, over and over?
Tell me your secrets, tell me the truth,
I'm drowning deep inside of you.
If this tears, it's tearing in two,
It's so close
I'm turning into a stranger.
I'll know this for sure,
When you're here again,
Oh no it's here again.

Not you, not you,
These two souls just can't be one,
These two souls just can't be bound.

Damned if you do and damned if I don't
As we'll go round and round again.
If we speak in riddles and rhyme,
If you scream, it's fine
cos we suffer in silence,
I'll know this for sure,
When you're here again.
Oh no it's here again.

Not you, not you,
These two souls just can't be one,
These two souls just can't be bound.

Not you, not you,
These two souls just can't be one,
These two souls just can't be bound.

And I'll know when you're here again,
Oh no it's here again.

Not you, not you,
These two souls just can't be one,
These two souls just can't be bound.

Not you, not you,
These two souls just can't be one,
These two souls just can't be bound.

Not you, not you,
These two souls just can't be one,
These two souls just can't be bound.
