Boyce Avenue, Be Somebody

My head feels tangled up like the headphones in my pocket Two words and you got me Two nights and you told me that Once the time is counting down, it's impossible to stop it Three words that we need to save Three weeks till you move away So go, go oh oh oh oh oh Your heart has to be followed Woah oh oh oh oh oh 'Cause we oh oh oh got a dream oh oh oh Gotta be somebody, be someone 'Cause we oh oh oh got a dream oh oh oh Gotta be somebody, be someone So please,

be somebody with me

Piles of magazines left from two months ago

I'm clinging to old news

Memories I'm scared to loose

Now I find reminders down the sofa and under the bed

Three words could've made you stay

Three words that I left to late So go, go oh oh oh oh oh Your heart has to be followed

Gotta be somebody, be someone

'Cause we oh oh oh got a dream oh oh oh

Gotta be somebody, be someone

So please,

Be somebody with me If you feel like running

The grass is greener inside your heart

And I'll be there if it falls apart Love who you're becoming

Sometimes we win but sometimes we fall

Story still remains untold So go, go oh oh oh oh oh Your heart has to be followed Woah oh oh oh oh

'Cause we oh oh oh

Got a dream oh oh oh

Gotta be somebody, be someone

'Cause we oh oh oh Got a dream oh oh oh

Gotta be somebody, be someone

'Cause we oh oh oh Got a dream oh oh oh

Gotta be somebody, be someone

'Cause we oh oh oh Got a dream oh oh oh

Gotta be somebody, be someone

So please

Be somebody with me
