

Boys Like Girls, Hero/Heroine

It's too late baby, there's no turning around
I've got my hands in my pocket and my head in a cloud
This is how I do
When I think about you
I never thought that you could break me apart
I keep a sinister smile in a hole in my heart
You want to get inside
Then you need to get in line
But not this time

Cause you caught me off guard
Now I'm running and screaming

I feel like a hero and you are my heroine

I won't try to philosophize
I'll just take a deep breath and I'll look in your eyes
This is how I feel
And its so so real
I got a closet filled up to the brim
With the ghosts of my past and the skeletons
And I don't know why
You'd even try
But I won't lie

You caught me off guard
Now I'm running and screaming

I feel like a hero and you are my heroine
Do you know that your love is the sweetest sin?

And I feel a weakness coming on
Never felt so good to be so wrong
Had my heart all locked down
And then you turned me around
I'm feeling like a new born child
Every time I get a chance to see you smile
It's not complicated
I was so jaded

And you caught me off guard
Now I'm running and screaming

I feel like a hero and you are my heroine
Do you know that your love is the sweetest sin?

And I feel a weakness coming on
Never felt so good to be so wrong
Had my heart all locked down
And then you turned me around
I'm feeling like a new born child
Every time I get a chance to see you smile
It's not complicated
I was so jaded
