

# Boys Like Girls, Up Against The Wall

It's over, look out below  
I'm wasted, I still taste it  
Yeah it's so hard to let go  
So breathe in now, and breathe it out

The forecast; A car crash  
It's looking like another

Breakdown, rebound  
This could be my last goodbye  
You cross your heart, I hope to die

And I can't deny your eyes  
You know I try to read between the lines,  
I saw a warning sign  
And then you feel me up against the wall  
Who said that it's better to have loved and lost?  
I wish that I had never loved at all

No rewinds, no second times  
And I won't break, I won't waste  
Everything you left behind  
So don't follow, just let it go  
The weather's been better  
So let it be another

Breakdown, rebound  
This could be my last goodbye  
You cross your heart, I hope to die

And I can't deny your eyes  
You know I try to read between the lines,  
I saw a warning sign  
And then you feel me up against the wall  
Who said that it's better to have loved and lost?  
I wish that I had never loved at all

All the nights you spent sitting nowhere  
Out there on your own  
All the nights I waited by the phone  
When you were going in alone  
And all your different faces  
And all your different ways  
Are making everything a mess  
And all I'm saying is that  
I have different places and  
All the complications end today

And I can't deny your eyes  
You know I try to read between the lines,  
I saw a warning sign  
And then you feel me up against the wall  
Who said that it's better to have loved and lost?  
I wish that I had never loved at all

And I can't deny your eyes  
You know I try to read between the lines,  
I saw a warning sign  
And then you feel me up against the wall  
Who said that it's better to have loved and lost?  
I wish that I had never loved at all
