

Boysetsfire, Phone Call 4am

you see my desires live and die for you
insighting and while in the dark with you
it's never enough, but i promise you
i'll still be right here if you ask me too

i'm not going to lie you know the truth
so believe me
please believe i've lost myself inside of you
believe i always do

seeing that line lies in between true light
and if i could write, i would make it right
but my witt can't retain what i thought of what i had
and all that is left is my awkward stare

i'm not going to lie you know the truth
so believe me
please believe i've lost myself inside of you
oh believe i always do

where ever you go leaves a memory
struggles to kill this defending plea
but if you see through you will finally see
that i've lived long enough, and my heart has been living in dying pain

i'm not going to lie you know the truth
so believe me
please believe in lost myself inside of you
please believe i always do.
