

# BoyWithUke, Bad Luck

I got 24 minutes to finish all of my sentences  
To be dependent to medicine while I saw you running away  
I said okay to myself  
It'd be better for health if I turn around and look the other way  
But my brain is a silicone mimic of a dome  
And I'd say that I hate you but I really don't  
You fill my head with ideas  
Oh baby  
I can't stay away

You, baby you stole my heart with your jumper  
Kangaroos wearing shoes try to run from the hunters  
And I don't know how you've been doing with all of my shit  
I hope I get to stay here with you  
I'll take you on a trip

Aw shucks  
My luck  
I did not realize how much this could suck  
I wish that I thought through everything first  
'Cause the further you go, the deeper the cuts

Aw shucks  
My luck  
I really risky when I see you butt  
Got me on lifesupport, feeling your lust  
So where do we go now  
I think I'm fucked

Yeah, look I'm lowkey into you  
Lately I can't help but think of taking you out (Taking you out, yeah)  
But there isn't anything I can do  
So I guess I just keep your name out my mouth (Keep your name out my mouth)  
Because I'm kinda into you, lately I can't help but think of anything else (Anything else)  
But there isn't anything I can do  
I wish I could ask you for some help

You, baby you stole my heart with your jumper  
Kangaroos wearing shoes try to run from the hunters  
And I don't know how you've been doing with all of my shit  
I hope I get to stay here with you  
I'll take you on a trip

Aw shucks

Yeah I think I'm fucked  
Yeah I think I'm fucked
