

# BoyWithUke, Camouflage

Promise me, promise me  
You won't try to leave  
Fall asleep, fall asleep  
Hiding in my dreams  
Camouflage, camouflage  
It's where I hide my thoughts  
Sabotage, sabotage  
You know what I'm not

It always starts with my heart  
I can feel it go, skip two beats  
A few days, few weeks  
I get obsessed, I get stressed  
Feel the weight on my chest  
It's too much to bear  
I don't want to care  
So I wear

Camouflage  
Camouflage  
It's how I hide my thoughts for you  
I feel so awful when I run  
But it's harder knowing that you weren't the one

It's like a fire in my throat, I can barely speak  
Every single breath  
Babe, it burns and it hurts  
And you're making it worse  
But I want to see you again

Camouflage  
Camouflage  
It's how I hide my thoughts for you  
I feel so awful when I run  
But it's harder knowing that you weren't the one

I say it all the time  
Falling in and out of line  
I'm running far, baby  
I'm a superstar, maybe  
In another life  
We gon' make it out alive  
We counting stars  
Say we had it from the start

Camouflage  
Camouflage  
It's how I hide my thoughts for you  
I feel so awful when I run  
But it's harder knowing that you weren't the one

You weren't the one for me, it's true  
But I feel lonely without you  
You were the only one  
The only one I'd choose
