

# Boyz II Men, Share Love

It's the time of the year again for you to share  
All the love that you have  
With every woman and every man to share love  
Christmas day is here  
And the Lord is what is near  
To share love with your family and thank God for allowing you to see that

Chorus:  
Christmas is the time to share  
With the one you love share good things  
Joy, glad tidings  
Share love  
Giving all you have this day  
Lets the world know you care  
And you will be there to share love

Families all around  
Children are happy with what they found  
Giving things on this day and thanking our God  
For teaching us the way to share love  
As the snow is falling down  
Presents unwrapped underneath the tree  
Bringing tidings of great joy to every little girl and boy, you know

Chorus

Now the true meaning of Christmas  
Is falling on your knees  
Thanking the Lord for what he's done  
Giving the world is only some

Chorus (repeats twice)
