

Boyzone, Games Of Love

Many years ago now
in the Garden of Love
A temptation that was watched from above
I'll be your Adam, if you'll be my Eve
So come show me that you
will not deceive
That love, just a crazy feeling
Deep and hidden meaning, it's true
And love, takes some understanding
So don't you go and break all the rules

We're talking A-B-C
I'm singing do-re-mi
I'll teach you endlessly
Games of Love

We're counting 1-2-3
I'm writing "U 4 Me"
I'll teach you endlessly
Games of Love

Listen to me now girl
'Cos you've known all along
It's a game of love so don't play it long
I'll be your Romeo and you Juliet
Just read the book and you won't forget

That love, just a crazy feeling
Deep and hidden meaning, it's true
And love, takes some understanding
So don't you go and break all the rules

[repeat CHORUS]
