

# Boyzone, Gave It All Away

I will learn live before I die  
will learn to love and learn to try  
not to give it all away  
(give it away )  
she , she may be  
the one that's meant for me  
or for the man that I used to be  
(used to be)  
til I gave it all away  
(give it away give it away )

why, why why  
I lay my heart down on the floor  
I showed you love  
you wanted more  
but I give it away

you taught me to see the better truth  
about yourself but about me too  
I was stupid over you  
what could I do?

why, why why  
I lay my heart down on the floor  
I showed you love  
you wanted more  
but I give it away
