

# Boyzone, Walk On (So They Told Me)

Walk on, she's gone  
Better leave the girl alone  
Walk on, she's gone  
Don't even call her on the telephone  
Walk on, move on now  
You've got to be strong, so they told me  
But when I see you and my heart drops  
I still remember and it won't stop  
The night I kissed you on the rooftop  
We reached up and touched the sky  
But then you told me goodbye  
Don't try to tell me that a man don't cry

[CHORUS]

My friends they want me to forget you  
Pretend I never even met you  
I try to smile but I bet you  
Loneliness and tears still show  
One thing that nobody knows  
You hold my heart and you won't let it go

[CHORUS]

And if I get you back you'll see  
All the love in me  
So take my hand and  
Your heart will grow stronger (heart will grow stronger)  
Never, never, never let it go..

[CHORUS to fade]
