

# Boyzone, When All Is Said And Done

Days that we spent  
When I was so small  
Never let me fall  
You never let me fall  
Taught me to see  
The right and the wrong  
Oh I'm not that strong  
Wish I was that strong  
You've been good to me  
Tending my every need  
Just look what I am  
Can't you see--it's you in me  
When all is said and done  
Look before you--I'm your son  
Can't you see  
It's you in me  
A man...

Now I'm a man  
Time has gone so fast  
I didn't want it to  
I didn't want it to  
Went on my way  
Like a crazy young fool  
I never wanted to  
I never wanted to  
You've been good to me  
Tending my every need  
Just look what I am  
Can't you see--it's you in me
