

BR5-49, : Baby Are You Gettin Tired Of Me?

Chorus

Baby, are you gettin' tired of me?
I can see the blossoms fallin' from the trees
Like a love that used to be
Baby are you gettin' tired of me?

It was early in the Springtime
I remember that our love was growing strong
I guess Spring can't hold its promise
Any longer than the Fall that's sure to come
Tell me is the season done?

Chorus

Last night when we said goodbye
Just like a fool I lingered at your door
Can you tell me why your goodnight kisses
Ain't like goodnight kisses were before
'Cause you don't want me anymore

Chorus

Like a love that used to be
Baby are you gettin' tired of me?
