

Bracia, Walkin' in circles

There's much to talk about,
No need to scream and shout,
I love it, I hate it,
You just don't understand...
You're still crying out for more,
You broke out the open door,
You want it, you need it,
I just don't understand...

Ref.

I keep on walkin' in circles,
Trying hard to light up the darkness,
I keep on walkin' in circles
To the point of no return.

2. Why do I still believe
That love will set me free?
I'm weeping, I'm bleeding,
But I will never learn.

Ref.

I keep on walkin'...
