

# Bracket, Crash Diet

I need a fix of carbohydrates to get me high  
Can't even be a little bit too late or I will die

To lazy to run up those hills  
And too cheap to buy those pills  
I just crashed my diet

I fill myself full of calories 'cause I just don't care  
I think it's really neat to eat meat and I won't share

Won't try it  
Won't try it at all
