

# Bracket, Flea Market

I don't want anything from the flea market

Please don't pressure me  
I don't want to buy anything that is in front of me  
Why do you try to pawn on me your worst disease

I have no need for sunburnt tapes of Spanish songs  
I cannot wear a pair of used brand new thongs

I'm waiting for the chance I can go home  
So I can show someone how much I've grown
