

Bracket, Huge Balloon

You want to leave this place
They're always in your face
Please hitch a ride with me
Who says we cannot fly
Give it one more try
Let's see what we can see

Get in my huge balloon (x3)
Sunny weather
Get in my huge balloon (x3)
Sunny weather

We can start again brand new
All your dreams can come true
Stay happy all the time
Stop pretending that you're dead
Climb in like I said
Your only wish is mine

Get in my huge balloon (x3)
Sunny weather
Get in my huge balloon (x3)
Sunny weather

All our troubles far behind
In a place no one will find
Me and you every night
Let everything be all right

Get in my huge balloon (x3)
Sunny weather
Get in my huge balloon (x3)
Sunny weather

Get in my huge balloon (x3)
Sunny weather
