

# Bracket, Warren's Song, Part 15

you see me through wear and tear and your love comes without a warning  
you bring me to life  
everyday shaping my doubts your reassurance is now ?  
your words form a lie

i'm so sorry for what i have become  
if you love me, you can love anyone

can i live inside your world and find solace in your affection  
in this foicle (?) life  
i can still picture your breath it's singing like a symphony  
can i hear you tonight

i'm so sorry for what i have become  
if you love me, you can love anyone

you are what i need today  
you are leaving me someday

i'm so sorry for what i have become  
if you love me, you can love anyone
