

Brad Cotter, I Miss Me

If I still had the heart to love the way I used to love you
I might still have some trace of my identity
If I still had just half a mind I'd call you up and ask you
Where you left the man I used to be

Cuz I miss me I'm not the same just someone else usin' my name
I wish you'd come back soon cuz i miss me

I've been all up and down the roads that lead to my old memories
But I can't find the one with all my hopes and dreams
And I've been lookin' in my eyes for something I still recognize
But some strangers' stare is all I see

I miss me I'm not the same I'm just someone else usin' my name
I wish you'd come back soon cuz I miss me

You made me a better man than I ever thought I'd be
And now that you're gone I can't move on
Cuz I miss me I'm not the same I'm just someone else usin' my name
I wish you'd come come home soon cuz i miss me...I miss me
