

Brad Paisley, Better Than This

That sleepy little campfire poppin kinda craklin
We were Heatin up th pork and beans
Bubu said man it don't get any better than this
If you know what I mean
We sat there for a minute listinig to the crickets
Thinkin this is pretty hard to beat
Til Jr stood up spit in the fire
Said boys I hate to disagree

But if a bus load of women, really good looking women,
Just suddenly pulled in here
Old joe t garcia showed up with fajitas and a 100 gallon keg of beer and Haggard dropped by
And brought Willie with him
And they started takin requests
Well don't get me wrong boys this is pretty good
But it could get better than this

Bill mance and Hank parker floated by in a boat
And volunteered to be our fishin guides
And richard petty pulled up in the old '43 car
And asked us if we wanted a ride
We'd all sit around singin poncho and I

Lefty playing poker and smoking big cigars
Now don't take offense y'all im perfectly content
Just sittin here under the stars

But if a bus load of women, really good lookin women,
Just suddenly pulled in here
And Old emril degasi showed up with kilbasi
And a 100 gallon keg of beer
If Haggard dropped by and brought willie with him
And they started takin requests
Don't get me wrong boys this is pretty good
But it could get better than this

But if a bus load of women, really good lookin women,
Just suddenly pulled in here
And little jenny pikins showed up with fried chicken
And a 100 gallon keg of beer
Mearl Haggard dropped by and brought willie with him
And they started takin requests
Don't get me wrong boys this is pretty good
But it could get better that this
