

Brad Paisley, Hold Me In Your Arms (And Let Me

[Chorus]

Hold me in your arms
Just see how it feels
Don't make we wait forever
Just because you know I will
Don't leave me hangin', wishin', waitin'
Hopin' that you'll call
Darlin' hold me, in your arms, and let me fall

You've got reservations
Well darlin' so do I
But mine are at a restaurant
Six-thirty Friday night

I swear you won't regret it
If you agree to go
Just do me one small favor
Before you tell me no

[Chorus]

When you go out shoppin'
You try on brand new clothes
To see if something fits or not
There's just one way to know

Why is it any different
When someone asked you out
You might as well just try me on
Before you turn me down

[Chorus]

Yeah darlin' hold me in your arms
And let me fall
