

Brad Paisley, Part Two

Hollywood never fails to make a sequel
For each and every movie that does well
Why can't love be more like that
Where the best ones get a second chance
And that way though you're gone
It wouldn't be that long ('til)

I'd see you in part two
And we'd pick up where we left off
When I lost you
And we'd fall in love again
And change the way the story ends
Yeah, we'd bring back me and you
In part two

Lookin' back we had so much to look forward to
The kind of love that deserves to be continued
And if this were only Tinseltown
By now they would have figured out
A way for you and I
To give it one more try (and)

I'd see you in part two
And we'd pick up where we left off
When I lost you
And we'd fall in love again
And change the way the story ends
Yeah, we'd bring back me and you
In part two

Yeah, we'd fall in love again
And change the way the story ends
Yeah, we'd bring back me and you
In part two
