

Brad Sucks, Never Get Out

note twisted to the max i'm
in the middle of a charming second
i'm in change with the tune of action
all i wanted was a little reaction

don't be hanging around my friend i said i'm
all twisted up in wires
and even though you know it's best
you never get out - you never get out

so strange when you're out confessin
in the trench with the .. impressin
i never wanted to learn my lesson
all i wanted was a little attention
