Brady Seals, My Love

Get on your mark get set Ready or not here I come You've been looking for love Well honey I can give you some

When your world is standing still I can turn it around Put your head up in the clouds And pick your feet off the ground

My love
Are you ready for my love my love
My love my love is ready for you
If you're looking for a heart that's always true
Only to you
Then my love
My love my love is ready for you

Girl I've heard it said That love is food for the soul I see the hunger in your eyes Burnin' out of control

My love is overflowing From a loving cup Girl I know you're down But love will lift you up

My love
Are you ready for my love my love
My love my love is ready for you
If you're looking for a heart that's always true
Only to you
Then my love
My love my love is ready for you

My love is overflowing From a loving cup Girl I know you're down But love will lift you up

My love
Are you ready for my love my love
My love my love is ready for you
If you're looking for a heart that's always true
Only to you
Then my love
My love my love is ready for you
My love my love is ready for you
My love my love is ready for you
