

# Braid, Brass Knuckle Sandwich

piston unhappy  
pistoning  
you just lost me everything

easy on  
easy money  
i just need everything

mood swings  
personality has always been everything

stupid people say stupid words  
and i hate myself  
when you want to look like everyone else does

can't take the wheel  
i've wrecked the car  
we are days long

that one  
was such a one

temperature is fever
