

# BrainStorm, Despair To Drown

I'm trying to forgive you  
I'm trying to forget you  
I'm trying to believe the words you said  
I'm trying to regret it's in your head but now...  
I hate the way you talk to me  
I hate the things you'd like to see  
I hate the words that come out of you  
It's more the fear to love to hate you

Despair to drown  
Every moment that goes by the future disappears  
Despair to drown  
As I'm running out of time my world dissolves in tears

I can't believe what I've seen  
I can't believe it's not a dream  
I can't believe it anymore  
That my belief is like a whore  
They pull the strings and lift you up  
To end your life or interrupt  
They pull the trigger in the name of god  
They pull the plug... so thanks a lot

Despair to drown  
Every moment that goes by the future disappears  
Despair to drown  
As I'm running out of time my world dissolves in tears
