

# Bran Van 3000, Love Clich

Ba ba ba ba, ba ba ba ba  
Ba ba ba ba, ba ba ba ba  
Ba ba ba ba, ba ba ba ba  
Ba ba ba

You see I met her on a Monday  
And her name was Chill  
From the what-the-hell family's  
Relation to free will  
Yeah she circled my circumference  
Said she had some time to kill  
Been combing the beach for a beautiful freak  
And I just might fit the bill  
She said:

Ooh, I think I'm liking you  
Ooh, do you feel the same way too?  
I said, ooh, I think I do  
I said, ooh, I think you're cute  
I said, ooh, merci beaucoup  
I said, ooh ooh  
And maybe I'm calling you baby  
And I might just say you're my love cliché

You're my love cliché  
You're my love cliché  
You're my love cliché  
And I like it that way

You're my love cliché  
You're my love cliché  
You're my love cliché  
And I like it that way

So we fell in love that summer  
Underneath the Star Wars sign  
Drinking cases of each other  
And guitar and April Wine  
And we lay down in the alley  
As the sunlight hit the pine  
And talked of all things great  
Like the rose of Gertrude Stein  
And we fell in love that summer  
But it lasted eighteen weeks  
Used to kiss her on the hummer  
Now I kiss her on the cheek  
And I vividly remember  
In a moment of recline  
When she whispered in my ear  
"I think I like both kinds"

She said, ooh, I think I do  
I said, ooh, I think you're cute  
She said, ooh, merci beaucoup  
I said, ooh ooh  
And maybe I'm chasing Amy  
And I might just say you're my love cliché

You're my love cliché  
You're my love cliché  
You're my love cliché  
And I like it that way

You're my love cliché

You're my love cliché  
You're my love cliché  
And I like it that way

I'm feeling love  
I'm feeling love  
I'm feeling love  
I'm feeling love

I'm feeling love  
I'm feeling love  
I'm feeling love  
I'm feeling love

So why don't you tell me what's great?

When the puck hits the net  
At the Stanley Cup game  
And Miles hits the notes  
When he sketches out of Spain  
And the wedding gets you high  
From the perfect catering  
And love makes you lie  
Even though you bought the ring  
And you screw with your spine  
And the minor chord change  
And the more things change  
The more they stay the same  
But I'm looking for your kind  
Yeah I'll drive through the driving rain  
'Cause what was so wrong  
From the very beginning  
That we would have to change

You're my love cliché  
You're my love cliché  
You're my love cliché  
And I like it that way

You're my love cliché  
You're my love cliché  
You're my love cliché  
And I like it that way

And maybe I'm calling you baby,  
And I might just say you're my love cliché

I'm in love  
I'm in love  
I'm in love

I'm in love  
I'm in love  
I'm in love
