

# Brand New, My Nine Rides Shotgun

This happened before and I'm sure it'll happen again  
It's getting old, I could never know  
This is not the first time, she says its the last time again  
And you're a tease

Have fun overseas

No, I'm kidding

Give it some time  
Take my advice  
See these scars on me  
I'm just marking territory  
but I know a million girls who'd kill to be you right now.

give me one night inside of your thighs  
a million girls would kill to be you  
right now

And its happened before, and it'll happen again

When your boyfriend comes home I should hope he keeps you  
terribly close, and you'd never know  
wouldn't be the first time  
don't think this'll ever end  
and you're a tease

Have fun studying abroad

No I'm kidding

Give it some time  
Take my advice  
See these scars on me  
I'm just marking territory

but I know a million girls who'd kill to be you right now.  
give me one night inside of your thighs  
a million girls would kill to be you  
right now

and this has happened before  
and it'll happen again

Better things to do than call  
The girl I want is going to come through and brighten up your mind  
And call me when you get home.
