

Brand New, Okay I Believe You But My Tommy Gun

Im heaven sent
dont you dare forget
i am all you ever wanted
what all the other boys all promised
sorry i told i just needed you to know
i think in decimals and dollars
i am the cause to all your problems
shelter from cold
we're never alone
coordinated mouth
then ask me what its like to have my self so figured out
wish i knew
I hope this song starts a craze
the kinda song that ignites the airways
the kinda song that makes people glad to be where they are
with whom ever they're there with
this is more
every line is about who i dont wanna write about anymore
hope you come down with something they cant diagnose
then have the cure for holding on to your grudge
oh its so hard to have someone to love
keeping quiet is hard
cause you cant keep a secret
if it was never was a secret to start
at least pretend you didnt wanna get caught
well concentrating on fallen apart
we were contenders of thrown in a fight
i just wanna believe i just wanna believe
i just wanna believe in us
oh so controversy
we are entirely smooth
we've been to the truth
we are the best at what we do
the means to the words you wish you hope now
this is the way you wish your voice sounds
handsomely smart
oh the tongue the only muscle in my body that works harder than my heart
and is soft from watching tv
and its speeding up my breathing
would stop if i could
oh it hurts to be this good
holding on to your grudge
oh it hurts to always have to be honest with the one that you love
well concentrating on fallen apart
we were contenders of thrown in a fight
i just wanna believe
i just wanna believe
i just wanna believe in us
well concentrating on fallen apart
we were contenders of thrown in a fight
i just wanna believe
i just wanna believe
i just wanna believe in us
the good time of the beat
this is the price you pay for lost of control
this is the breaking of man
this is closest we've called
this is the reason your in love
this is the world we live in
well concentrating on fallen apart
we were contenders of thrown in a fight
i just wanna believe
i just wanna believe
i just wanna believe in us

well concentrating on fallen apart
we were contenders of thrown in a fight
i just wanna believe
i just wanna believe
i just wanna believe in us
