

# Brandon Heath, I Will Lay You Down

You've got the whole world on your shoulders  
And it's more than you can bear  
I hear you calling for some help  
But is there anybody there?

Well I'm here to let you know  
This was never meant for you  
I know what you're going through

Come to me weary now  
And I will lay you down  
Throw all your cares aside  
You will never be denied  
Come set your burden free  
You will be safe with me  
Come to me weary now  
I will lay you down

So don't you worry 'bout a thing  
I'm gonna get you through the night  
I know you're scared but it's gonna be alright  
And if you wake before the light  
Don't be afraid, just call my name  
I'll hear you pray, I'm on my way, yeah, yeah

So come to me weary now  
And I will lay you down  
Throw all your cares aside  
You will never be denied  
Come set your burden free  
You will be safe with me  
Come to me weary now  
I will lay you down

Everything's alright cause I am on your side  
And if you need to you can hide in me  
Cause all you need to know  
I will never let you go  
I'm the lover of your soul

So come to me weary now  
And I will lay you down  
Throw all your cares aside  
You will never be denied  
Come set your burden free  
You will be safe with me  
Come to me weary now  
I will lay you down
