

Brandon Hines, Yes You Are

I got one song I wanna sing for my number one fan
Put a ring on it as soon as I can
What I mean is that you dont have to worry about nothing baby
I know you know I love you but I wanna say it again
Let you know I am down with you girl till the end
Sometimes I feel you think I dont appreciate it
So this songs says I love I wanna dedicate to my girl
Girlfriends wifye my boo you are everything
Girlfriends wifye my boo you are everything
See I call you my best friend
What is the definition
Someone I can talk to
Someone that i listen
Someone c an share all with
Have a ball with .. supposed to be
This si deeper than love says our astrology
I am .. you are sagetarious .. love me
Come on baby ride with me till the end
Hugh me .. tell me I am your best friend
So much in common talk to me about everything
Girlfriends wifye my boo you are everything
Girlfriends wifye my boo you are everything
Yes you are yes you are
See I call you my best friend
What is the definition
Someone I can talk to
Someone that i listen
Someone c an share all with
Have a ball with ..yes you are
If there is somebody out here that you love
You dont think they really know you are about that true love
Call them on the phone turn and send them a text
Do whatever you got to do
To let them know that is true
If there is somebody out here that you love
You dont think they really know you are about that true love
Call them on the phone turn and send them a text
Do whatever you got to do
To let them know that is true

Girlfriends wifye my boo you are everything
Girlfriends wifye my boo you are everything
Yes you are yes you are
See I call you my best friend
What is the definition
Someone I can talk to
Someone that i listen
Someone c an share all with
Have a ball with ..yes you are
