

Brandy, 1st & Love

I ain't getting no younger
So boy, when I say love
I don't say it just to say love, I know better
If you never showed love
Don't think I would've known love
Gotta put it in my song, love
And sing it over and over
I told my mother that I love ya
My brother asked where I met ya
Said I saw you last Tuesday
On the corner of 1st and love
I heard ya whistling my favorite song
When I saw you that morning
On the corner of 1st and love
Right there, right there, oh
And I wanna sing it to the world
He's right there, right there
On the corner of 1st and love
My heart's beating like a bass drum
I heard cupid in my ear
He said he never saw better
I gave him a straight shot
And it hit me like a moving truck
Oh, like an enema, but it never felt so good
I told my mother that I love ya
And Ray J asked where I met ya
Said I saw you last Tuesday
On the corner of 1st and love
I heard ya whistling my favorite song
When I saw you that morning
On the corner of 1st and love
Right there, right there, oh
And I wanna sing it to the world
He's right there, right there
On the corner of 1st and love
They say serendipity
Know, know that it's meant to be, love
Don't feel like love to me, no
Know that it had to be love
Like our names carved on a tree
They're memories inside of me
Don't know how long forever is
But if you stay with me, you'll find out with me
Oh, if the sun don't rise for weeks
Baby, that's alright with me
I can't add to infinity
But if you stay with me
You can count on me, oh
Right there, right there
And I wanna sing it to the world
He's right there, right there
On the corner of 1st and love
I saw you by the street signs
Oh, I saw you by the street signs
They read, first love
Love, love, love
