

# Brandy, Finally I Walked Away

Intro:

Yo, yo, this is a champion song  
Feel me?  
Me and Brandy  
We have risen to the occasion, c'mon  
Like this, talk to'em, whoa

Verse 1:

I could've stayed in that place too long  
I could've made it ok for you to do me wrong  
I would've played the role one more day  
If I didn't hear my conscious say

B-Section:

Stop, look around  
Is this where you belong? (oh, yeah)  
Look at yourself  
Are you weak? Are you strong? (oh, no no)  
I realize that it's all up to me (yeah)  
To make myself happy (ooooohhhh)

Chorus:

Finally I walked away (yeah, yeah)  
Never would've seen this day  
Givin' up on those things that hurt me  
Made me who I am today  
Finally I walked away (walked away)  
Never would've seen this day (no, no, no)  
Givin' up on those things that hurt me  
Made me who I am today

Verse 2:

Looking back on my choices made  
Thinking about the things I did to make you stay  
Wonder sometimes why my love didn't turn to hate  
Then I hear the same little voice inside me say

B-Section:
