Brandy, I Wanna Be Down

I would like to get to know if I could be The kind of girl you that you could be down for Cuz when I look at you I feel something tell me That your the kind of guy that I should make a move on And if I don't let you know Then I won't be for real I could be wrong but I feel like something could be going on The more I see you the more that it becomes so true There ain't no other for me it's only you

[CHORUS:] I wanna be down With what you're going through I wanna be down I wanna be down with you No matter what time of day or night it's true I wanna be down

I know anybody's gonna be lonely Without the reason they got someone to care for Maybe all you need's a shoulder to cry on If that's a fact than I'll be more than you ever could dream of If all you need is the time that I got plenty of I'll dedicate all my love until you call baby I wanna stay by your side Be there to call you up And let you know everything will be all right

[REPEAT CHORUS x2]

Yeah oh Yeah, oh

[REPEAT CHORUS x3]
