

# Brandy, I Wanna Be Down (Human Rhythm Hip H

[Brandy]

Oh yeah ooh yeah

I would like to get to know if I could be

The kind of girl that you could be down for

Cause when I look at you I feel something tell me

That you're the kind of guy that I should make a move on

[Mc Lyte]

Yeah I get exotic with tha malotic tune

I get hypnotic with tha room but

You got to put me down soon I flip a sideshow

If you come my way up down and around even sideways

I'm about as ready as the Lyte can get

We can go all out I ain't afraid of the sweat

But yet I bet you got the techniques to freak a girl

Inside out what's that all about(oooh yeah)

Can I have some of that you got to put me on

Word around town is your nine men strong

I wanna be put on in tha worst way

Since the first day I think it was a Thursday (oh baby)

You be that brother that I wanna sink my teeth in

Make me wanna ask where tha hell you been

I like the way you be with all that personality

But I got flava too you needs to get with me

[Brandy]

I wanna be down

With what you're going through

I wanna be down

I wanna be down with you

No matter the time

Of day or night it's true

I wanna be down

[Yo-Yo]

He was born twenty years ago just a pimp toes

Everyday new clothes look at tha cut cool-toes

On three got tha heat so bluff it sling' teshies

Cause it's more than twenty duckets

Struck it kind of rich now his pockets lookin' straight

Slam the deese on tha benzo pancake

By tha gate moms lookin' straight

With her house she got great

Loungin' in her new home that's about to state

I'll be your call mail motel

You can get it when you want it

Even though you got chicks all up on you

It don't matter cause brother you're fly

I can't lie I've been mackin' daddy from tha corner of my eye

Now baby bring it on don't be frontin' on your baby boo

All I wanna is what's up with you

How can I get with you seems like you got a hold on me

It must voodoo cause baby I want you

(Repeat Chorus)

[Queen Latifah]

About yey short about yey tall about so big about so small

About this length about this width about this flow about this gift

Instinct leading me right up your alley

Way skip tha Moet let's chill with some Allazae

Nuff stress in our day let me massage your mind

As my mentals start to play a ghetto sauce who you are  
And I'll be your sexual chocolate bar  
And I got to keep it strong for tha cause  
And you got to keep me strong for the toss  
Brother mad at me damn tha family what else could we be  
When no one else understands us but me  
You were the first to tame me uh, Big Tif I'm out

(Repeat Chorus)

[Queen Latifah]  
Hey here we go here we go here go now  
And it's on yeah and you don't  
Stop Brandy is in tha house  
And you don't stop until tha body rock  
Keep it on and you don't stop rock on
