

# Brandy, Love Is On My Side

Whoa, whoa...  
Love, love, love, love...  
Love, yeah, yeah, yeah...  
Yeah, yeah, yeah, yeah...  
Hmmm, oh, hmmm...  
Love...  
Whoa...  
Oh...

Memories of yesterday  
Loneliness my way to say  
I needed you and all you do  
To come and rescue me

The day I saw your face  
Everything fell into place  
The melody of you and me  
The love song that we share

[1] - And they say...  
Love isn't love  
Until you got someone to share it with  
And I got you  
And it has made me realize  
That love, oh love  
Love is something that we take advantage of  
Through you I've learned that love is on my side

I try  
But the feeling still flows deep inside  
It takes my breath away  
When it tries to stay  
I only love you more

Oh don't try to tell me I'm a fool  
I know this is something new  
Just let me through  
I here to do whatever you want me to

[Repeat 1]

On my side, on my side  
Love is on my side

I sit here and wonder why  
I can't get you off my mind  
A special scent  
And all you mean to me  
Whoa, it's the love that just won't go away  
I hear it in the things you say  
I can't ignore (I can't ignore)  
I want you more (I want you more)  
And more and more and more and more

[Repeat 1 till end]
