

# Brandy, Love Wouldn't Count Me

Verse 1: Oh i believed in us,tell me  
what are you thinking,why can't we make it?  
why would you say those things to me?  
if you're trying to break this  
just go ahead and say it  
if you are in love then why let it go?  
tell me please,what's happened baby oh

Chorus:It used to be that  
you couldn't live without me  
but now you think  
you're better without me  
so now it's over and i guess it wasn't true  
when you said i love you  
'cause love just wouldn't count me out

Verse 2: i believed in everything you said  
if your vow couldn't make it  
then you shouldn't have made it  
how could you let me believe  
that you couldn't leave me  
if you never loved me  
if you are in love then why let go  
tell me please, what's happened baby?  
Chorus

Break:I wonder why you hurt me  
i question all the pain  
what would make you want to leave this way?  
what made you say it's over  
what has taken over  
i cannot believe that i loved ya oh  
but it wasn't meant to be  
'cause love wouldn't do this to me anymore

Chorus 2x  
Background:baby you couldn't live without me  
so now saw that it wasn't true  
you said that i loved you

End:it used to be that you could'nt live without me  
but now you think you're better without me  
so i guess it wasn't true when you said i love you
