As long as I have known u I never thought of us as more than friends.
You came with your advances, but I resisted every one them.
Cuz u was such a playa and I didn't think that u would ever change.
And now a few years later lovin u it's so hard 2 explain, how we got 2 where are...

[Chorus:]

How u do that?
How did u get me so open
Lately u been
Got me fiendiin got me choosin
Over kisses, there so rich and chocolate coated melt like reese's,
Close to heaven as I'm gone get

[Verse 2:]

Every time the phone rings
I rush to answer hoping that it's u
And every time I hear a car pull up I want it to be u
I don't know what's better, kissin u or simply holdin hands.
The fact that we're together is not by chance or any circumstance...

[Chorus]
