

Brandy, Shattered Heart

Dont shatter my heart (repeat 4x)
Ive been saving up this treasure for years
I hid it somewhere so no one could touch it, yeaaaaeeh
With every love I had some reason to leave
No other like it cuz its so authentic
Many driver couldnt bear her though
Try to break through the gate but didnt have the gaul
When I looked in your eyes, I felt a glitch, yeaaah
So I present you with my most precious gift
I put my love in a jar
In my heart, like a piggy bank
And Im giving it to you
So whatever you do .. whoooooaa whoooooaa
Dont shatter my heart (repeat 8x)
Never knew that love can be so epic, yeaaaah
But you save me cuz youre all heroic
Legend has it that youve earned this throne
Since you came and pulled the sword out the stone
Many driver couldnt weather the storm
You came in my life and turned the lights on
Now when you touch me baby I cant resist
So I present you with my most precious gift
I put my love in a jar
In my heart, like a piggy bank
And Im giving it to you
So whatever you do
Dont shatter my heart
In a big emergency
Dont break the glass, call me
Our love can save anything like the father believe me
Ill give you my all cause my heart makes me stronger
And if you pour into it I can go even harder
I put my love in a jar
In my heart, like a piggy bank
And Im giving it to you
So whatever you do
Dont shatter my heart
(repeat)
