

# Brandy, Starting Now

There's a girl i find in my reflection  
She is smart and kind, don;t need protection  
She's a warrior, and she is waiting for you  
Just around the bend

Where every day you're a hero  
That lights up in the night  
May you lead with your courage and dresm  
With your heart  
And there's a whole new love

Starting now  
There's no room left for wondering  
Got a new vision of yourself  
And she's who you wanna be  
Starting now  
Tell the moon thet you're on your way  
Tell the stars you will be right there  
Say goodbye to yesterday  
Starting now

The girl next door  
Thet's how tehy see me  
But i am so much more  
I am rising from beyond the sea, i'v egrown  
Into the unknown  
Up to where i see the light

I wann tackle my dreams with compassion and pride  
I am courageous and strong with my friends by my side  
Who knows how far i'll go

Starting now  
There's no room left for wondering  
Got a new vision of yourself  
And she's who you wanna be  
Starting now  
Tell the moon thet you're on your way  
Tell the stars you will be right there  
Say goodbye to yesterday  
Starting now

Starting now  
I am starting now  
I am starting now  
I am starting now  
Save the day  
Break the Curse  
I will always have a heart o gold, gold  
There;s a girl i find  
Her stry is a tale as old as time

Starting now  
There's no room left for wondering  
Got a new vision of yourself  
And she's who you wanna be  
Starting now  
Tell the moon thet you're on your way  
Tell the stars you will be right there  
Say goodbye to yesterday  
Starting now
