[Verse 1: Nas]

Kissin you was so sweet what's in your love spell?  
We were listenin to Mobb Deep with that 112  
Under sheets che' butter smell natural gloss  
No matter the cost the ice I gave you  
Wifed you made you my, lifed you saved me  
F what they say, and brought it to whoever tried to step to Ray J  
Caught up in your web we had the matchin cars  
I pull up blastin Brandy you blastin Nas, uh

[Brandy]

Why don't you return my calls?  
Why you trip 'bout where I be?  
You don't ever come to see me  
You say that you're too busy (what?)  
What the hell? I don't have time  
Why you messin' with my mind?  
I can find another guy  
Someone who will treat me right  
I don't need this bullshit  
I won't put up with it, any longer  
You can, go if you want  
I don't, need you pity  
I will, be just fine  
If you decide, that you want to leave  
Close the, door behind you  
I just, want to know what...

[Chorus: Brandy]

What about all of the things that you say  
What about all of the promises that you made  
What about all of the nights that you gave  
What about all of the things you told me  
What about all of the things that you say  
What about all of the promises that you made  
What about all of the nights that you gave  
What about, what about  
What about us? What about us, us?  
What about us? What about us, us?

[Verse 2: Brandy]

Thought you said you were different  
Was that what I heard you say?  
Said that you loved only me  
Thought that you'd be all I need (what?)  
What happened to promises?  
Said that you were a better man  
Your words have no weight with me  
Cause your counterfeit, I see  
I don't need this bullshit  
I won't put up with it, any longer  
You can, go if you want  
I don't, need you pity  
I will, be just fine  
If you decide, that you want to leave  
Close the, door behind you  
I just, want to know what...

[Chorus: Brandy]

What about all of the things that you say  
What about all of the promises that you made  
What about all of the nights that you gave  
What about all of the things you told me  
What about all of the things that you say  
What about all of the promises that you made  
What about all of the nights that you gave  
What about, what about  
What about us? What about us, us?
