

# Bratmobile, And I Live In A Town Where Boys Am

Make me Miss America  
Don't care don't care  
Rip it when we're 6 yeah  
Don't care don't care  
Lock her in her room now  
Don't care don't care  
Tell me it's my birthday-  
I don't care

Rub her face in glass Dad  
Don't care don't care  
Try to kick some ass Dad  
Don't care don't care  
Tell me who's insane man  
Don't care don't care  
Throw up every other day-  
I don't care.

Cross my legs and hold it in  
Don't care don't care  
Say you wish you had no ears  
Don't care don't care  
Funny how she don't exist  
Don't care don't care  
Mommy chained her up instead-  
I don't care

Fill me with your lies boy  
Don't matter wasn't real  
She don't wanna be my friend  
But I can't stand her anyways  
Fill me with your lies boy  
Don't matter wasn't real  
She don't wanna be my friend  
But I can't stand her anyways

I can't go home again  
Don't care don't care  
But I'm still a good tax break  
Don't care don't care  
Cut us off at the hearts  
Don't care don't care  
Scabs grow thicker by the years-  
I don't care.

Splitting hairs and doing time  
Don't care don't care  
Who commits the real crime?  
Don't care don't care  
Spit on me to see me shine  
Don't care don't care  
Will you ever be mine?  
I don't care

Shoot the shit harder now  
Watch me fall to the ground  
Stab with your candy shots  
And kick me in the teeth and guts  
Shoot the shit harder now  
Watch me fall to the ground  
Stab with your candy shots  
And kick me in the teeth and guts

Will you ever be mine?
