

Bratz, Hang On

You've just gotta hang on
Hang on
To your dreams and be strong
Be strong
And look at you rockin'
No stoppin' you now
You know now
You're prepared
Almost there
So hang on

Nobody said it was simple
Sometimes it gets kinda rough
But nothing's ever impossible
And the tough get goin' when the goin' gets tough

You've just gotta hang on
Hang on
To your dreams and be strong
Be strong
And look at you rockin'
No stoppin' you now
You know now
You're prepared
Almost there
So hang on

Sometimes it's not that way (no)
You gotta stay in the game
Determination's what you need
And it takes all that you've got
But you've got what it takes
So c'mon

You've just gotta hang on
Hang on
To your dreams and be strong
Be strong
And look at you rockin'
No stoppin' you now
You know now
You're prepared
Almost there
So hang on

You've just gotta hang on
Hang on
To your dreams and be strong
Be strong
And look at you rockin'
No stoppin' you now
You know now
You're prepared
Almost there
So hang on

You're gonna win in the end
You can make it
Just believe in your heart, from the start
That you can do anything

You've just gotta hang on
Hang on
To your dreams and be strong

Be strong
And look at you rockin'
No stoppin' you now
You know now
You're prepared
Almost there
So hang on

You've just gotta hang on
Hang on
To your dreams and be strong
Be strong
And look at you rockin'
No stoppin' you now
You know now
You're prepared
Almost there
So hang on
