Bratz, So What

A hundred eyes are looking at me
cause I dont fit the box they know
Im cool just being all I can be

when they try to stop me
I just go go go

CHORUS
So what
if I wanna have fun
so what
if I walk and they run
so what
if I wanna be number one
so what
if Im talking to loud
Im not
afraid of standing out
so what
if I wanna flip the script around
so what

no one can tell you who you really are
nobody else can take the wheel for you
cause everybody is their own star

and a girl has gotta do what she's gotta do

CHORUS
So what
if I wanna have fun
so what
if I walk and they run
so what
if I wanna be number one
so what
if Im talking to loud
Im not
afraid of standing out
so what
if I wanna flip the script around
so what
o oh o oh o oh o oh o oh o oh o oh o oh o oh o oh,
o oh o oh o oh o oh o whoooa
everyone's perfect
when you believe it
dont try to change what you see

CHORUS
So what
if I wanna have fun
so what
if I walk and they run
so what
if I wanna be number one
so what
if Im talking to loud
Im not
afraid of standing out
so what
if I wanna flip the script around
so what
