

# Brave Combo, Burn Slow

The night that you first touched me  
You shook me from my peace, then took me from a safe place  
You took me from a safe place and you stole my heart's ease

You act like a mortician, presiding at a wake  
I close the lid on passion  
Knowing well what's at stake  
Your love consumed me wholly  
At times I could not breathe  
I daren't love you solely  
Always felt you might leave

I offered you my soul like a humble sacrifice  
You put it under a glass  
Then you put it  
on ice, on ice, on ice,  
on ice, on ice, on ice,  
on ice, on ice, on ice

And now that love has burned me  
I'm waiting by the pyre  
I thought my eyes were open  
When I started the fire  
And then to pile on insult, after the injury  
You said my soul was tarnished  
How you rubbed off on me!

Well now that all's been done and  
We've had our last farewell  
I'm burning all your letters, watching them all  
burn slow, burn slow,  
burn slow, burn slow,  
(repeat)
