

Brave Combo, When You Walk In The Room

I can feel the new expression on my face
I can feel that warm sensation taking place
I can hear the guitar playing lovely tunes
Every time that you walk in the room
Close my eyes for a second and pretend it's me you want
Meanwhile I try to act so nonchalant
I can see a summer's night; the magic moon
Every time that you walk in the room

Baby it's a dream come true

Walking right along beside of you
Wish I could tell you how I care
But I only have the nerve to stand and stare

I can feel that something pounding in my brain
Just anytime that someone speaks your name
Ooo the trumpet sounds and I hear thunder boom
Every time that you walk in the room
Every time that you walk in the room
Every time that you walk in the room
