

# Brave Combo, Why, Oh Why

We were so happy, that's what I thought  
We were so much in love  
I never heard a cross word from you  
What were you thinking of?

Why, oh why, oh why. oh why  
Did you leave me high and dry?  
Now all I do is cry and cry  
Oh why, oh why?

Why, oh why, oh why. oh why  
Did you leave me high and dry?  
Now all I do is cry and cry  
Oh why, oh why?

Try to remember just how you felt  
when I first caught your eye  
Now that you've gone  
My world's upside down  
You sure took me by surprise

Why, oh why, oh why. oh why  
Did you leave me high and dry?  
Now all I do is cry and cry  
Oh why, oh why?

Why, oh why, oh why. oh why  
Did you leave me high and dry?  
Now all I do is cry and cry  
Oh why, oh why?

My shattered ego can't take the pain  
I guess I'll fall apart  
When you walked out  
You took all my dreams  
And left me this broken heart

Why, oh why, oh why. oh why  
Did you leave me high and dry?  
Now all I do is cry and cry  
Oh why, oh why?

Why, oh why, oh why. oh why  
Did you leave me high and dry?  
Now all I do is cry and cry  
Oh why, oh why?
