

Brazil, Breathe

Breathe in breathe out your contradictions
Breathe in breathe out your words of fiction
Breathe in breathe out you say, but not on my time.

Says I, Good bye to Grace.

Breathe in breathe out your pale addiction
Breathe in breathe out without conviction
Breathe in breathe out you say, but not on my time.

Says I, Good bye to Grace.
Says the look on my face
Says I, Good bye to Grace.
But not on my time.

Says I, Good bye to Grace.

We may never be something better
We may be down but were not afraid
We may never be something better
We may be down but were not afraid

Breathe in breathe out without permission
Breathe in breathe out your final mission
Breathe in breathe out you say, but not on my time.

Says I, Good bye to Grace.
Says I, Good bye to Grace.
Says I, Good bye to Grace.
Says I, Good bye to Grace.

Say goodbye to Grace. [8x]
