

# Brazil, Iconoclast

Your sky falls forever  
A black heart endeavor  
The game of laissez-faire  
Aces in the air  
Your eyes stare forever  
In the cold dry hereafter  
Hiding an affair  
I swore was never there  
It's over and under and over and under

In the city that never sleeps  
You're the creature that never wakes  
I thought you were someone else

Scent of attraction  
Lean in to listen  
"Resurrect the dead on Jupiter" she said  
Time's game is wasting  
Worldwide lambasting  
A billion miles away  
A deadly bird of prey  
Flies over and under and over

Force fed everytime  
My tongue everytime  
Why are the words nonsense?
