

BREACH, The Key (ft. Kelis)

Have you back in my face
Rises past, past, past
Thou can't just get to my space
I know, gotta feel,
Some things seem so real
We got so much history
I heard you, I heard you,
I heard you, I heard you
You heard me
No we don't need their be
What I need's you here

You got so many issues /12x

So fast, so that you gave back my key /10x

Baby don't go, baby don't go
Baby don't, baby don't go!!
Baby don't go, baby don't go
Baby don't leave me, leave me
